Objectives of C3

BENEFIT FROM THE PEOPLE WHO KNOW CONSTRUCTION CHEMICALS THE BEST

The Construction Chemicals Manufacturers Association (CCMA) the body, mind and soul of the Construction Chemicals Industry in India will be hosting the fifth edition of The International Construction Chemicals Conference in 2018. C3 2018 is expected to be bigger, better and more magnificent.

C3 - 6th Edition will be held on September 5-6, 2018 at SAHARA STAR, Opp. Domestic Airport, Mumbai - 400099

Emphasis of this International Conference is Improvements at the time of Construction, Repairs, Strengthening and Rehabilitation and Protection from future deterioration

An exciting line-up of industry captains, research scholars and industry veterans will disseminate vital information on the emerging materials, methods and practices that are taking shape in the construction chemicals sector today. Delegates to C3 will benefit from an insightful program balanced with an opportunity to create an ideal networking opportunity that is bound to unite the industry together in its quest for excellence.

About CCMA

Construction chemicals positively contribute to the high quality and durability of any construction. The Construction Chemicals industry in India is currently evolving at a rapid phase but is growing fast. The market for construction chemicals in India is projected to exhibit a promising CAGR of 17.2% between 2014 and 2020. The Indian Construction Chemicals market is estimated to reach a market value of US\$1,890 million by 2020.

In India the industry currently represents a combination of organized and unorganized sector. The leading manufacturers have come to-gether to form an association - The Construction Chemicals Manufacturers' Association (CCMA). The key objective of CCMA will be to promote the growth of the Construction Chemicals industry by raising the awareness and quality standards as well act as a representative body for communicating with Government, chambers of commerce, regulatory authorities and other forums, be it domestic or international.

Aims and Objectives of CCMA

- ♦ Provide a forum for construction chemicals manufacturers in India and promote the interest of its members in relation to Commerce and Industry in India. In particular, identify and discuss common problems facing the construction chemicals industry to arrive at solutions, including exchange of information amongst its members.
- ♦ Educate members on provisions of various central and state enactments and their amendments through seminars, meetings, exhibitions etc.
- ♦ Promote and accelerate the growth of the Construction Chemicals industry in India by collecting and disseminating statistical and technical information and creating awareness to maintain high standards among users.
- ♦ Be a constructive forum to communicate with governmental bodies/ Associations, Chambers of Commerce and other Commercial, Industrial and Public bodies within or outside India to promote the objectives of the Association.
- ♦ To establish a just, equitable standard / practices in the manufacture of Construction Chemicals, Trade and Commerce. To regulate the conduct and practice of Construction Chemicals trade and manufacture.
- ♦ Stand out as a body to continuously impart awareness amongst construction chemicals manufacturers to maintain high standards and business ethics for the benefit of end users. Achieve this through continuous education in the field of construction chemicals by means of training and upgrading the skills of personnel by Organizing Workshops, Conferences, Lectures, Seminars, Disseminating Information through Periodicals or Journals, Books, Institution of Scholarships, Fellowships, Awards, and Encouraging research studies.
- ♦ To subscribe to become a member of or otherwise affiliate or cooperate with any other body in India or elsewhere with which the Association has common interest to establish, cooperate with, or receive into the association or otherwise assist any Association or accept affiliation of any other association having objectives similar to those of Association.
- ♦ To do all such acts, deeds and things as may be necessary and conducive to the Manufacture, and Development of trade and Commerce in relation to or Incidental to the Construction Chemicals Industry, in the promotion or attainment, or in the overall interest of the objectives of association.
